

Spring Term 1 Year 2 Homework Assignments

Please choose 4 maths and 4 topic homework assignments to complete in your homework log book. Homework should be put in the homework box when any has been completed, it will be returned when marked. If you want to do extra – that’s great! You will receive house points for every completed assignment. If you complete 10 pieces of homework you will receive a homework certificate.

 <p style="text-align: center;">Maths</p> <p style="text-align: center;">Choose 4 to complete</p>	 <p style="text-align: center;">Topic</p> <p style="text-align: center;">Choose 4 to complete</p>
<p style="text-align: center;">Use < > and = signs to compare numbers from 0 to 100 and beyond.</p>	<p style="text-align: center;">Choose your favourite ocean and find out five interesting facts about it.</p>
<p style="text-align: center;">Recognise and use the inverse relationship between addition and subtraction.</p> <p style="text-align: center;">For example: $3 + 7 = 10$ $10 - 7 = 3$</p>	<p style="text-align: center;">Find out about 5 different sea creatures from the 5 oceans.</p>
<p style="text-align: center;">Choose ten numbers and write them in both numerals and words. E.g. 14 = fourteen.</p>	<p style="text-align: center;">Plan and carry out your own science experiment.</p> <p style="text-align: center;">http://www.sciencekids.co.nz/experiments.html</p>
<p style="text-align: center;">Find fractions of amounts for example,</p> <p style="text-align: center;">$\frac{1}{2}$ of 12 = 6 $\frac{1}{4}$ of 12 = 3</p> <p style="text-align: center;">Use objects to help you.</p> <p style="text-align: center;">Then compare fractions of amounts using < > =</p>	<p style="text-align: center;">Make your own map of the world. Can you label the 5 oceans and the 7 continents of the world on a map. Record interesting facts about each continent.</p>
<p style="text-align: center;">What happens when you add 10 to any number? What happens when you multiply by 10? Investigate! How are they different?</p>	<p style="text-align: center;">Using pencils, felt tips, paint or collage can you create an underwater scene.</p>
<p style="text-align: center;">Complete 10 division questions using the method of splitting into groups. Now can you show the inverse?</p> <p style="text-align: center;">$16 \div 4 = 4$ $4 \times 4 = 16$</p>	<p style="text-align: center;">Create a 3-D sea creature using any materials (cardboard/ biscuit/ cake). For example a whale or an octopus.</p>
<p style="text-align: center;">Create an investigation and record your results in a tally chart. You may want to investigate how children travel to school, favourite animals and colours.</p>	<p style="text-align: center;">Read a story with an ocean theme and retell it. Include time connectives and adjectives!</p>
