

### Writing

What 2 pieces of writing could I do about your favourite animal?

- Write a non-chronological report about your favourite animal.
- Write a guide 'How to look after a .....(your favourite animal)' for someone who is going to have one as a pet.

### Maths

What maths could I do that is linked to your favourite animal?

- Create a 'My favourite animal in Numbers' poster.
- Create a table of information showing your favourite animals different measurements e.g. height, weight, length, speed, life-span, population numbers over time, when species first evolved etc.

## MY PROJECT IS: My favourite animal.

### Geography

What geography activities could I do linked to my favourite animal?

- Show on a world-map where your favourite animal can be found.
- Describe the different biomes that your favourite animal is most comfortable living in.

### Science

What science work could I do linked to your favourite animal?

- Life-cycle of your animal.
- How your favourite animal has evolved and adapted to its habitats (in the wild).

### Art

What art activities could I do linked to your favourite animal?

- Do some careful pencil drawings of your favourite animal.
- Does your favourite animal appear in any famous pieces of art? Research this and create a presentation to show what you have learnt.

### Writing

What 2 pieces of writing could I do about Queen Elizabeth 1?

- A short biography of the life of Queen Elizabeth I.
- Write a diary entry pretending to be Queen Elizabeth on the day of her coronation.

### Maths

What maths could I do that is linked to Queen Elizabeth I

- 'Queen Elizabeth in numbers' poster.
- Create a timeline of Queen Elizabeth's life showing some of the most important events in her life.

### Geography

What geography work/activities could I do linked to Queen Elizabeth I?

- Find out about the great Tudor explorers – show on a map where they travelled and what they discovered.
- Compare what the geography of the UK would have been like with the geography of the UK during the Elizabethan era.

## MY PROJECT IS: Queen Elizabeth I

### Science

What science work could I do linked to Elizabeth I?

- What scientific discoveries were made in the Elizabethan era?
- Carry out an investigation to test if Galileo Galilee

### Art

What art activities could I do linked to Queen Elizabeth I?

- Create a portrait of Queen Elizabeth I
- Find out about a famous Elizabethan artist.

### **Writing**

What 2 pieces of writing could I do about Leonardo da Vinci

- A short biography of the life of Leonardo da Vinci.
- Write a poem inspired by the Mona Lisa.

### **Maths**

What maths could I do that is linked to Leonardo da Vinci?

- Create a 'Leonardo da Vinci in Numbers' poster.
- Create a timeline of Leonardo da Vinci's life showing some of the most important events/creations in his life.

### **Geography**

What work/activities could I do linked to geography?

- Where did Leonardo da Vinci come from – place him on a map.
- Find out about Leonardo da Vinci's contribution to mapping: did he create any famous maps? Could you recreate these?

## **MY PROJECT IS: Leonardo da Vinci**

### **Science**

What science work could I do linked to Leonardo da Vinci?

- Find out about some of Leonardo da Vinci's inventions and scientific discoveries. Make a poster to show these.

### **Art**

What art activities could I do linked to Leonardo da Vinci?

- Create your own version of the Mona Lisa.
- Find out about some other of Leonardo da Vinci's famous art works – make a presentation about these..

### Writing

What 2 pieces of writing could I do about trees and forests?

- A non-chronological report about the Giant Californian Redwood
- A poem about trees or a forest

**A subject of your choice e.g. computing, history, DT, PE, RE**

How trees features in different religions e.g. The Garden of Eden etc.

### Maths

What maths could I do that is linked to trees and forests?

- Compare the different heights, weights, sizes of species of trees
- A bar chart or line graph to show the decline of forests in the world over the last 50 years.

### Geography

What work/activities could I do linked to geography?

- Create a map of the UK showing where the biggest forests are.
- Describe a rainforest biome.

## MY PROJECT IS: Forests and Trees

### Science

What science work could I do linked to trees and forests?

- Life-cycle of different trees
- Scientific explanation about photosynthesis

### Art

What art activities could I do linked to trees?

- Pencil sketch of a willow tree
- Water-colour painting of a tree in my garden
- Forest diorama
