Dear Parent

School Games – Year 1 Multi Skills Festival

I am pleased to offer your child the opportunity to attend the Year 1 Multi Skills festival.

The aim of this event is to give young pupils a first opportunity to take part in a fun, off site sports festival. The festival will focus on pupils doing their personal best, having fun, whilst working with pupils from other schools.

We hope that the festival will help inspire pupils to develop the habit of choosing to take part in PE/school sport opportunities when they arise in the future.

Please see details of the event below.
